## Austrian Emperor Wires Kaiser His Ally Wants Peace

LONDON, Nov. 1.—The German press, commenting on the Austrian peace note, according to a German wireless message, said that Emperor Charles on Sept. 28 sent a friendly telegram to Emperor William announcing that Austria-Hungary was obliged to take a decisive step and that the peace offer was irrevocable.

Gray, faded hair turned beautifully dark and lustrous almost overnight. It is a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic, called "Wyeth's Sage and Sulphur Compound" at drug stores here. Millions of bottles of "Wyeth's" are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has happened.

You just dampen a sponge or soft brush with Wyeth's Sage and Sulphur and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth, gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and Sulphur compound and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within a few days. Inquiry at drug stores here shows that they all sell lots of "Wyeth's Sage and Sulphur" and the folks using it are enthusiastic. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## DIAS'S TROOPS ADVANCE RAPIDLY IN ATTACKS

ITALIAN HEADQUARTERS ON THE PIAVE FRONT, Nov. 1.—(By the Associated Press.)—The Italian army is rapidly extending its lines in the valley of the upper Piave around Belluno, with the object of dividing the Austrian army and forcing a retreat of the mountain army along the road from Belluno.

The most notable fighting was occasioned by the Third army's frontal attack along the lower Piave on the Austrian Fifth army, which is retreating stubbornly to save itself from capture.

This army is also being attacked by the Tenth army, composed of two British, one Italian and one American division.

As the left wing of the Austrian army rests upon mountains and the right is in most precarious and latest reports indicate that it is in flight wherever possible.

The Italians are advancing rapidly virtually at all points along the front. The outposts are reported to be within 10 miles of Udine. The Austrians are retreating from their fortified mountain positions, blowing up munitions and fortresses and burning supplies as they leave.

It is stated that the great fortresses at Col Vercana were destroyed in three huge explosions.

Italians arriving along the Livignas river were greeted with great enthusiasm by the Italians. Twenty brigades are open over which there has been a ceaseless flow of cavalry, cyclists, supply wagons, members of the American Red Cross, Y.M.C.A. workers and refugees.

## ALLIED COUNCIL WELL PLEASED AT ARMISTICE MEETS

(Continued From First Page.)

have not finished their work, but they have reached a substantial accord. Their task is moving and they soon will be able to make announcements.

The Turkish armistice terms were chiefly the work of the British and French. In them the United States had no part. The decision in this instance is regarded as one of great importance.

An informal conference took place at the home of Col. E. M. House, President Wilson's personal representative, in the afternoon prior to the assembling at Versailles. Among others present were M. Clemenceau and M. Pichon, French premier and foreign minister; Signor Orlando and Baron Sonnino, Italian premier and foreign minister; and David Lloyd George, British prime minister.

In addition to the French, Italian and British representatives, Mr. C. G. Grey and Lord Curzon, who acted as secretaries for Col. House, Gen. Tasker H. Bliss, the representative of the United States in the war council, with Gen. Leighton, Col. Wallace, as secretaries, and Admiral Benson, with Commander Carter and Lieutenant-Commander Russell as his secretaries.

The last to arrive at the conference was Marshal Foch. He was alone, without aide or orderly.

At Versailles the business was over in a couple of hours, and a long line of automobiles with representatives of the powers returned to Paris. The reason for the trip to Versailles was to discuss the terms of the armistice with the powers, which theoretically took no part in the armistice.

There was another informal meeting at the residence of Col. House this morning and the business of the council will be pushed forward rapidly, either at formal or informal meetings, until it is concluded.

The spirit of all the representatives appears to be favorable to the bringing out of all obstacles rather than to raising them.
